THE HIGHLAND PARK COORDINATING COUNCIL

The Community Coordinating Council is a process whereby the community discovers and meets its needs. These include improving family life; promoting good citizenship; providing protection against bodily harm; moral hazards, and disease and meeting physical, vocational, cultural, and social problems on a social level.

Membership in the Council represents the total community, with its variation in social background, economic status, cultural interest, and educational achievement. This includes: representatives from civic organizations, religious groups, service clubs, fraternal orders, and other groups such as representatives from public and private agencies and interested citizens.

A Council member has two basic responsibilities: (1) As a representative of his organization, he keeps the council informed of his organization's activities and keeps his group aware of the projects that need cooperative action and the part it has to play in the total community effort. (2) As a citizen in the community he is free to express his opinion in matters before the council without committing his organization to action, and works for the betterment of the whole community.

The Highland Park Coordinating Council invites each organization within the community to participate in order that the effectiveness of each group may be increased through a cooperative effort. Meetings are held on the second Thursday of each month at 12:00 o'clock in the Franklin High School Cafeteria, October through June.

COMMUNITY RESOURCES

I RECREATIONAL FACILITIES
